Sunday, June 11, 2017  
Guest Speaker: Tom Garasha

**"God in a box"**

**Galatians 1:11-2:10**

**Principle 1:** Putting God in a box defines God by applying only \_\_\_\_\_.

**Principle 2:** If you only apply human wisdom to the gospel, you will \_\_\_\_\_  
\_\_\_\_\_ to a right understanding of its meaning.

**Principle 3:** The most important decision in a person's life is "What do I believe about  
\_\_\_\_\_?"

**Principle 4:** Godly wisdom comes through the enlightenment of the \_\_\_\_\_.

**Final Questions:**

1. Where are you putting God in a box?
2. Where are you tempted to define God with only human wisdom?
3. Where is God inviting you to stop trying to control Him and start trusting Him instead?

**Discussion Questions:**

- Where are you putting God in a box?
- How would you define the difference between human wisdom and Godly wisdom?
- When in the past have you struggled to understand what God was doing, according to your wisdom?
- What decisions have you made, based upon your human wisdom, which turned out to be unwise because you didn't consider Godly wisdom?
- Where are you tempted today to define God with only human wisdom?
- Where is God inviting you to stop trying to control Him and start trusting Him instead?
- What decision or situation do you currently need more than human wisdom to correctly understand?
