Discussion Questions:

- What did you hear God speaking to you through this message?
- In what areas do you think your perspective has been warped or turned upside-down?
- Which parable spoke to you most this morning? Why? What principle did you take away from it?
- Which of the 5 Kingdom perspective is least present in you? Did you ask someone else to answer that question about you? What did they say?
- In what area of your life is it most difficult to shift from control to trust?
How did this message speak to you as a mom or about your relationship with your mom?
- What do you think the difference is between trying to live out these kingdom perspectives in your own power and strength versus living them out in the power of the Holy Spirit? Tangibly, what does it look like to live as a Kingdom person with Kingdom power?
